CONSIGLI PER IL RISPARMIO ENERGETICO	ENERGY SAVING TIPS 1) When you start cooking, switch on the hood at minimum speed, to control moisture and remove cooking odors. 2) Use hood speed only when it is strictly necessary. 3) Increase the range hood speed only when the amount of vapor makes it necessary. 4) Keep range hood filter clean to optimize its efficiency. 5) Maintain the hood filter or pull it out of the hood for optimize efficiency. 6) Clean the hood filter or pull it out of the hood for optimize efficiency. 7) Clean the hood filter or pull it out of the hood for optimize efficiency. 8) optimize efficiency. 186) Clean the hood filter or pull it out of the hood for optimize efficiency. 187) Clean the hood filter or pull it out of the hood for optimize efficiency. 188) Clean the hood filter or pull it out of the hood for optimize efficiency. 189) Clean the hood filter or pull it out of the hood for optimize efficiency. 190) Clean the hood filter or pull it out of the hood for optimize efficiency. 191) Clean the hood filter or pull it out of the hood for optimize efficiency. 192) Clean the hood filter or pull it out of the hood for optimize efficiency. 193) Clean the hood filter or pull it out of the hood for optimize efficiency. 194) Clean the hood filter or pull it out of the hood for optimize efficiency. 195) Clean the hood filter or pull it out of the hood for optimize efficiency. 196) Clean the hood filter or pull it out of the hood for optimize efficiency. 197) Clean the hood filter or pull it out of the hood for optimize efficiency. 198) Clean the hood filter or pull it out of the hood for optimize efficiency. 199) Clean the hood filter or pull it out of the hood for optimize efficiency. 200) Clean the hood filter or pull it out of the hood for optimize efficiency. 201) Clean the hood filter or pull it out of the hood for optimize efficiency. 202) Clean the hood filter or pull it out of the hood for optimize efficiency. 203) Clean the hood filter or pull it out of the hood for optimize efficiency. 204) Clean the hood filter or pull it out of the hood for optimize efficiency. 205) Clean the hood filter or pull it out of the hood for optimize efficiency. 206) Clean the hood filter or pull it out of the hood for optimize efficiency. 207) Clean the hood filter or pull it out of the hood for optimize efficiency. 208) Clean the hood filter or pull it out of the hood for optimize efficiency. 209) Clean the hood filter or pull it out of the hood for optimize efficiency. 210) Clean the hood filter or pull it out of the hood for optimize efficiency. 211) Clean the hood filter or pull it out of the hood for optimize efficiency. 212) Clean the hood filter or pull it out of the hood for optimize efficiency. 213) Clean the hood filter or pull it out of the hood for optimize efficiency. 214) Clean the hood filter or pull it out of the hood for optimize efficiency. 215) Clean the hood filter or pull it out of the hood for optimize efficiency. 216) Clean the hood filter or pull it out of the hood for optimize efficiency. 217) Clean the hood filter or pull it out of the hood for optimize efficiency. 218) Clean the hood filter or pull it out of the hood for optimize efficiency. 219) Clean the hood filter or pull it out of the hood for optimize efficiency. 220) Clean the hood filter or pull it out of the hood for optimize efficiency. 221) Clean the hood filter or pull it out of the hood for optimize efficiency. 222) Clean the hood filter or pull it out of the hood for optimize efficiency. 223) Clean the hood filter or pull it out of the hood for optimize efficiency. 224) Clean the hood filter or pull it out of the hood for optimize efficiency. 225) Clean the hood filter or pull it out of the hood for optimize efficiency. 226) Clean the hood filter or pull it out of the hood for optimize efficiency. 227) Clean the hood filter or pull it out of the hood for optimize efficiency. 228) Clean the hood filter or pull it out of the hood for optimize efficiency. 229) Clean the hood filter or pull it out of the hood for optimize efficiency. 230) Clean the hood filter or pull it out of the hood for optimize efficiency. 231) Clean the hood filter or pull it out of the hood for optimize efficiency. 232) Clean the hood filter or pull it out of the hood for optimize efficiency. 233) Clean the hood filter or pull it out of the hood for optimize efficiency. 234) Clean the hood filter or pull it out of the hood for optimize efficiency. 235) Clean the hood filter or pull it out of the hood for optimize efficiency. 236) Clean the hood filter or pull it out of the hood for optimize efficiency. 237) Clean the hood filter or pull it out of the hood for optimize efficiency. 238) Clean the hood filter or pull it out of the hood for optimize efficiency. 239) Clean the hood filter or pull it out of the hood for optimize efficiency. 240) Clean the hood filter or pull it out of the hood for optimize efficiency. 241) Clean the hood filter or pull it out of the hood for optimize efficiency. 242) Clean the hood filter or pull it out of the hood for optimize efficiency. 243) Clean the hood filter or pull it out of the hood for optimize efficiency. 244) Clean the hood filter or pull it out of the hood for optimize efficiency. 245) Clean the hood filter or pull it out of the hood for optimize efficiency. 246) Clean the hood filter or pull it out of the hood for optimize efficiency. 247) Clean the hood filter or pull it out of the hood for optimize efficiency. 248) Clean the hood filter or pull it out of the hood for optimize efficiency. 249) Clean the hood filter or pull it out of the hood for optimize efficiency. 250) Clean the hood filter or pull it out of the hood for optimize efficiency. 251) Clean the hood filter or pull it out of the hood for optimize efficiency. 252) Clean the hood filter or pull it out of the hood for optimize efficiency. 253) Clean the hood filter or pull it out of the hood for optimize efficiency. 254) Clean the hood filter or pull it out of the hood for optimize efficiency. 255) Clean the hood filter or pull it out of the hood for optimize efficiency. 256) Clean the hood filter or pull it out of the hood for optimize efficiency. 257) Clean the hood filter or pull it out of the hood for optimize efficiency. 258) Clean the hood filter or pull it out of the hood for optimize efficiency. 259) Clean the hood filter or pull it out of the hood for optimize efficiency. 260) Clean the hood filter or pull it out of the hood for optimize efficiency. 261) Clean the hood filter or pull it out of the hood for optimize efficiency. 262) Clean the hood filter or pull it out of the hood for optimize efficiency. 263) Clean the hood filter or pull it out of the hood for optimize efficiency. 264) Clean the hood filter or pull it out of the hood for optimize efficiency. 265) Clean the hood filter or pull it out of the hood for optimize efficiency. 266) Clean the hood filter or pull it out of the hood for optimize efficiency. 267) Clean the hood filter or pull it out of the hood for optimize efficiency. 268) Clean the hood filter or pull it out of the hood for optimize efficiency. 269) Clean the hood filter or pull it out of the hood for optimize efficiency. 270) Clean the hood filter or pull it out of the hood for optimize efficiency. 271) Clean the hood filter or pull it out of the hood for optimize efficiency. 272) Clean the hood filter or pull it out of the hood for optimize efficiency. 273) Clean the hood filter or pull it out of the hood for optimize efficiency. 274) Clean the hood filter or pull it out of the hood for optimize efficiency. 275) Clean the hood filter or pull it out of the hood for optimize efficiency. 276) Clean the hood filter or pull it out of the hood for optimize efficiency. 277) Clean the hood filter or pull it out of the hood for optimize efficiency. 278) Clean the hood filter or pull it out of the hood for optimize efficiency. 279) Clean the hood filter or pull it out of the hood for optimize efficiency. 280) Clean the hood filter or pull it out of the hood for optimize efficiency. 281) Clean the hood filter or pull it out of the hood for optimize efficiency. 282) Clean the hood filter or pull it out of the hood for optimize efficiency. 283) Clean the hood filter or pull it out of the hood for optimize efficiency. 284) Clean the hood filter or pull it out of the hood for optimize efficiency
